MEMORANDUM FOR RECORD

25X1A9a

Interviewed [redacted] t is date on morale problem in Production Section. Pointed out that Section morale is a responsibility of the supervisor at least as important as assigning employees' work, and that she was failing in this respect. Admitted that she had on her hands a particularly difficult situation, but informed her that she will be on probation during the coming month and that if morale is not improved in that time we will have to try a change in supervisors. Promised to give her a free hand and any help she asks for from us during this period.
